BECAUSE SIX NATIONS IS A COMMUNITY UNTO ITSELF, AND ITS FUNDING IS DIFFERENT THAN THE CITY AND THE COUNTY, A SEPARATE REPORT IS AVAILABLE AT THE END.

INTRODUCTION

MPP Levac outlined the vision he has for the entire Age-Friendly Community Summit process and expressed his appreciation to everyone for their willingness to participate.

MPP Dave Levac then introduced Mario Sergio, Ontario Minister Responsible for Senior Affairs. to bring remarks on behalf of the Ontario Seniors Secretariat. Minister Sergio highlighted the changing demographic and pointed out that 1200 people turn 65 every day. For the first time, there now more people over 65 than under 14. The Minister emphasized the importance of involving seniors in planning for the future for all residents as they age.

City of Brantford Mayor Chris Friel advised of the City’s plans to incorporate “age-friendly” awareness in all city planning.

Six Nations Elected Chief Hill expressed her appreciation to MPP Levac for including Six Nations in the Age-Friendly Summit process. Her remarks included an outline of the challenges faced by the elders as well as the responses implemented and planned.

Changing Demographics

It was noted that people are living longer and that by 2030, the population of the City of Brantford and the County of Brant (including Six Nations) will be made up of 35.2% age 55 and over

Different Communities and Services In This Report

City of Brantford An urban community (population 93,650)with significant volunteer and employment opportunities in all aspects of community life. As well, it is the central location for the delivery of Social and Health Services and includes a public Transit System, including Brantford Lift for physically challenged riders, and various community activities and services.

County of Brant A rural municipality (population 35,638 including Burford, Glen Morris, Harley, Middleport, Mt. Pleasant, Oakland, Onandaga, Paris, St. George and Scotland) with farming as the major industry. There is no public transportation system but there is a subsidized service for medical appointments. Residents must go to Brantford to access social services and most health care services.

Six Nations of the Grand: Six Nations (population 25, 660) with no public transportation and limited volunteer and employment opportunities for older adults.

It is important to note that this Gathering was a “brain storming” session designed to capture ideas “outside the box”. There has been no attempt to identify impact or cost implications. The suggestions apply to all three municipalities.
